

# eBackpack® Quick Start Web Guide

## Add a Assignment, File, Module, Quiz, or Class

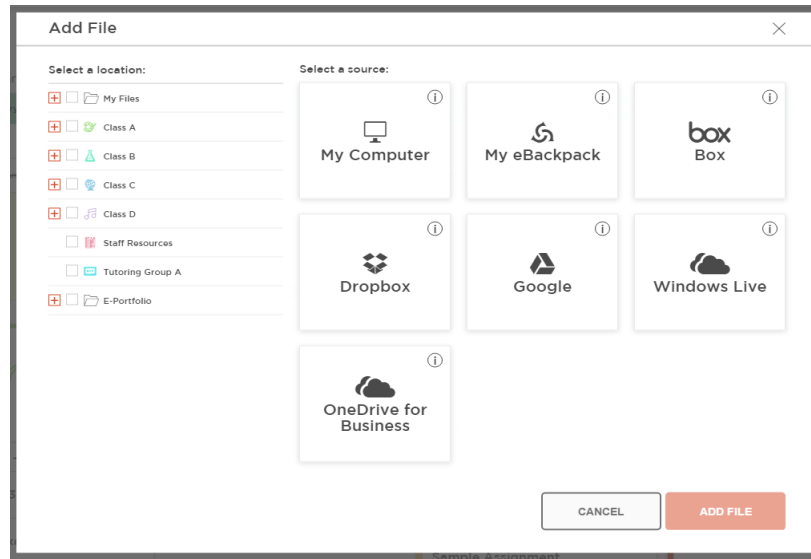

Add new content by using the Add button located in the upper right corner. Including Class & Groups, assignments, quizzes, modules and files.

## Add a Class or Group

Teachers can add a class or group (dance team, student council, PLC, etc.). Then set up class settings and add additional admin and members to the class or group. To save time, give students the Class Join Code so that they can add themselves.

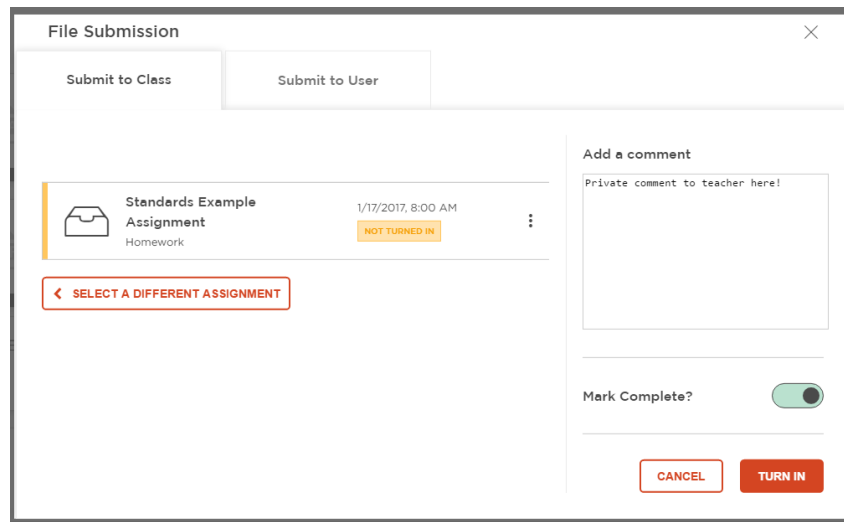

# eBackpack® Quick Start Web Guide

## Add a File

Add files to any assignment, quiz, class or module by selecting “Add File”. Select the location and add files from your computer, eBackpack or external service account such as box, Dropbox, Google Drive, OneDrive or OneDrive for Business. eBackpack accepts all file types.

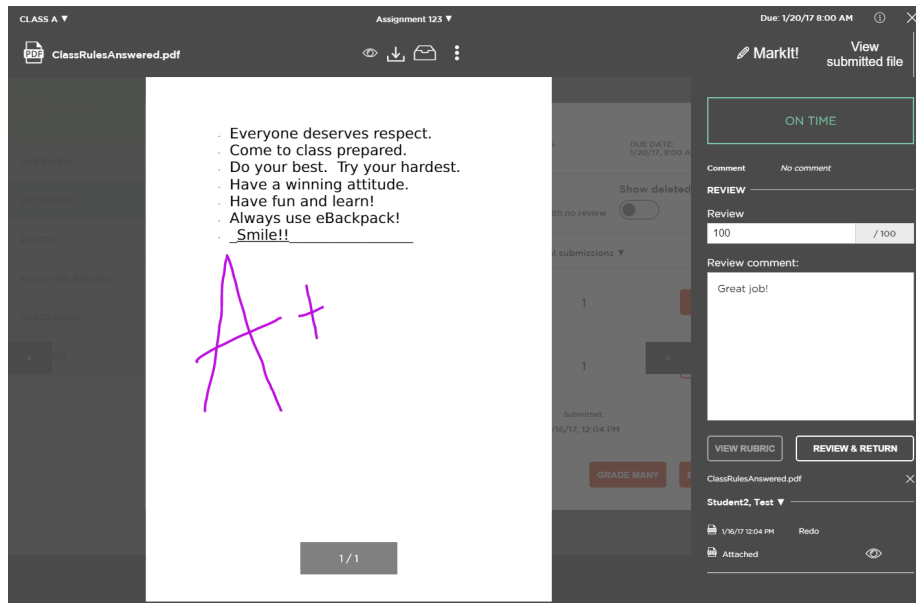

---

## Submit/Turn-in

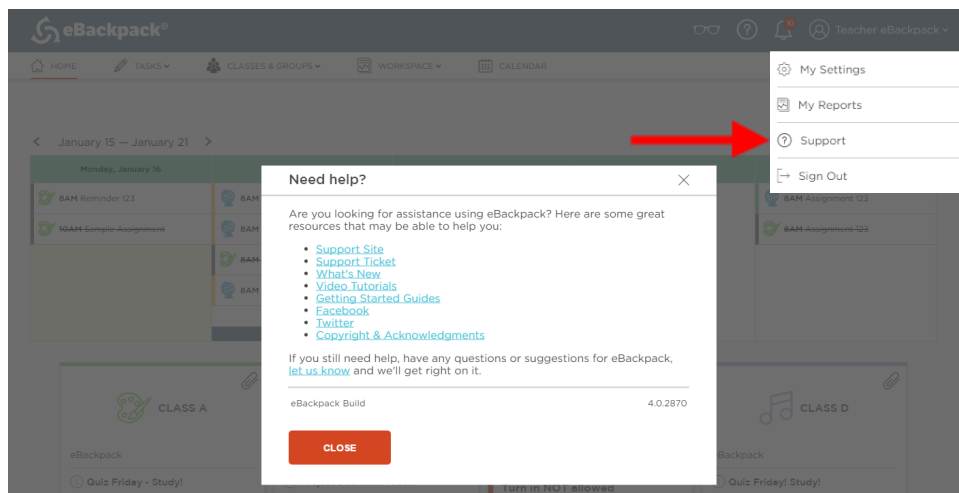

Students can select any assignment folder to submit completed work by choosing... or by completing work in eBackpack using MarkIt. Additionally, students can leave a private comment for the teacher when submitting work.

## Grade & Review

Teachers can view, annotate, grade, comment and return student work through the grade viewer. Grades can be any alpha-numeric grade or the grade box can be left blank. Teachers can also provide grades for missing submissions by select the missing option in the Grade & review module.
